Andover to Mark 175th Anniversary on Aug. 3-4-5

Representatives from Andover clubs and organizations to the 175th Anniversary Committee held their second meeting July 9. Last minute problems were ironed out and highlights of the various events were revealed.

Advance sales on the book, "Andover, the First 175 Years" are now in progress by members of the Andover Friday Club. This history and folklore book is to be ready for Aug. 4. It is compiled of interesting facts on early businesses, the schools, churches, many pictures of the early days as well as the more recent changes, a listing of the many men from Andover who served in the wars, beginning with the Revolutionary war, and interesting folklore tossed in for a smile or two. The book is between 350 and 400 pages, is going to be hard-covered and well worth the small price they had to charge to cover the cost of printing. These are on sale by the Andover Friday Club. Any one out of town and wanting to place an order for one, please call the Town Office in Andover where the message will be relayed to one of the members.

A Commemorative Booklet and Commemorative Button are also available for sale at present, as well as on Aug. 4. The buttons are continued on Page Five

Excellent Weather — Great Crowds on Mollyockett Days

The 1979 Mollyockett Days started under sunny skies that hinted at the hot mid-summer weekend to follow, last Saturday morning at 9 o'clock with bicycle races in two age classes.

Results in the 9-11-year old category were: girls—Penny York and Kirsten Froburg, and boys—Jim Orino, Randy Wilson, Matthew Farnham, and Bryan Kellogg.

The race in the 11-13 class resulted in the following: girls—Kari Higgins, Kim Daizell and Katy Holden; and boys—Eric Froburg, Jim Holden, Jimmy Feeney and Bobby Myers.

Races in the 14-16 old class were cancelled as sufficient numbers were not registered to provide contests.

The annual parade started shortly after 10:30 led by the color guard of the Mundt-Allen Post #81, American Legion, and the East Butterfield Militia Drum and Bugle Corps, followed by many floats and marchers, and was appreciated by the hundreds of spectators along the parade route.

A hot, dry week except Wednesday when it was open and shut all day and in the evening built up a little fire in the kitchen stove.

The big news of the week seemed to be Mollycoddett Days in Bethel. Most every family either went to watch or help. They had clear weather for both days, but hot.

Mr. and Mrs. Homer Smith and Andy went to Mollycoddett Day and had dinner at Jordan's Restaurant in Locke Mills.

Friday night, Brenda Barnhill, stayed overnight with her uncle and family, the Victor Coolidges, and Saturday morning the Coolidges took Brenda to Portland Jetport, where she caught a 8 a. m. flight back to her home in Florida. The Coolidges then came home and went to Mollycoddett Day.

Mr. and Mrs. John Laban went Saturday and Matthew Laban was second in the nine to 11 year old group bicycle race. There were four boys listed as coming in second.

The winning float was Old Woman in the Shoe. Elaine Hutchins was Old Woman and the children in it from our road were Shilo and Misty Hutchins, Mary Beth and Amy Hammon, and Brian and Eric Anderson. Other children were in it but not from here.

Ricky Seames led their donkey, Ersel, in the parade, with their daughter, Dawn, riding. Both wore hobo costumes.

Chuckie Mason III led their pony Flicka with daughter Jennifer riding.

Carole Mason, in English uniform rode her horse, Jessie and Melinda drove work horse, Cappy, with carriage, and brother, Scott, was with her.

Mr. and Mrs. Dan Hannon and girls went to Rick Roy's and family, Locke Mills, Saturday, to go swimming.

Mr. and Mrs. Joe Shimamura, Jody, and Ira Gibson, went to Yarmouth Clam Festival, Saturday. They found a place where they could go swimming between there and Freeport.

Stanley and Susan Moore and Patrick were up to Dick Angevine's for a cook-out Saturday.

Chester Hayes of Shelburne was a supper guest of Mr. and Mrs. Lester Butters, Saturday.

Saturday Alden MacDougall's brother and wife, Mr. and Mrs. Roderick MacDougall, were overnight guests.

Mr. and Mrs. Frank Benson went to the wedding of Robert Belanger and Cindy Parker at the Congregational Church, Bethel, Saturday.

Frank and I went up to see our son, Frankie, in Gilead, Saturday.

Sunday, Mr. and Mrs. Lester Butters went to her sister-in-law's, Marion Rodger's, Lovell, and visited Let's cousin, Celia Butters, Proctor Pond, East Stoneham.

Children's Center

The Mollycoddett Day fund raising activities were a success thanks to the help of parents and community. A special thanks to Debbie Learned, Diane Hunt and Henry Lane for the super pony rides, and to the Lions Club for their help and cooperation. The money that was made will directly benefit the Day Care Program.

The children are enjoying the warm weather and fun activities at the Center. An exciting part of the summer program are the weekly field trips.

Besides going swimming at least once a week the children have traveled to Milan Fish Hatchery, Rumford Animal Park, and this week will be visiting the local Bethel Library. Future summer trips that are planned include visiting Rumford Fire Dept., Conway Scenic Railroad Ride, Rumford Playground, a Goat Farm, and a big trip to the ocean at Reed State Park.

main, Sunday, Fith, Carole, Melinda, Mr. and Mrs. Charles Mason III and two children, visited him there.

Victor and Judy Coolidge had a double birthday celebration July 17 at her folks. Mr. and Mrs. Ernest Angevine's.

Randy Gilbert and Earlon Waterhouse left on their motorcycles July 2 and arrived in Colorado Springs, Colo., Friday, July 13. The boys will be living with Dennis Smith, who is stationed out there, but has his own living quarters. They called Mr. and Mrs. George Gilbert and Randy had already found employment.

Saturday Mr. and Mrs. George Gilbert helped their son and wife, Mr. and Mrs. Ronnie Gilbert, move to their trailer apartment in Lewiston.

The Frank Murphys got a letter from Eva Saunders and she wrote that she reads the Northwest Bethel news every week. Friends on the road say "hi." Eva writes that she is taking care of her new grandchild. This is Polly's baby; but don't think I was told the last name.

Bruce, Matthew and Michael Smith of South Paris came to visit his parents, Mr. and Mrs. Homer Smith, Friday.

Mr. and Mrs. James Monahan entertained at a barbecue Sunday. Her two sisters, Kay McMillin and Evelyn Merrill, and Mr. and Mrs. Frank Murphy were guests.

Mr. and Mrs. Evans Wilson came from Orono Monday until Friday. Mr. Wilson stayed with his sister and family, Mr. and Mrs. Leslie Lapham and Mrs. Gladys Wilson stayed with her brother and family, Mr. and Mrs. Guy Gibbs, and other relatives.

July 22 was Lee and Terry Mason Blake's first wedding anniversary and they went on a trip.

Tuesday, July 16, I picked up Aunt Sara Andrews in Albany and we went down to my folks, Mr. and Mrs. George Allen's. My sister, Iva Holden, picked us up and Aunt Sara stopped at her daughter Evelyn Corbett's, and we went on to Lewiston.

Thursday, Pat Saunders, entertained at a home decorating party and Jeannie Flynn was demonstrator. Guests were Caroline Gould, daughter Susan, and Caroline's niece, Bonnie Mills Marshall and son; Judy Morton, Mary Jane Gaudreau and daughter, Betsy; and Adrienne Gallant and daughter, Sadie. A-Ball-of-Thread
From out her little sewing kit,
She took a ball of thread
And took with some designs in it,
So carefully she read
Then slowly but with nimble grace
The needle in her hand
Began to move with steady pace
Along that silver strand,
In and out and over, through,
It sped along its way.
Never tiring, scarcely knew,
When came the close of day.
Until, at last that tiny thread,
That silver strand so fine,
Was woven in a lovely spread
Of beautiful design.
I wish I knew how to express,
In this crude way of mine,
A thought of loveliness
As is her thread design.
I wish that I could weave a song
With such a magic grace,
Just half as beautiful and strong
As is her lovely lace.

Mrs. Colista Morgan, Corres.

I was awakened this morning at five thirty by a piercing cry, as a raven flew past. What a voice it has. But in a short time there was the blessing of the sun! A perfect shining blue day at last.

I looked out on the red of the bee balm. It is a flower that when one flashes suddenly upon it, it gives us a pleasant thrill of wonder and surprise. As most red flowers it knows how to enhance its beauty by seeking an appropriate setting. These have a rich green background with moisture and some shade. They grow about three feet tall, have a rounded head with flowers clustered closely. They touch with warmth the cool shadows. The Indians called them O-gee-chee—flaming flower and used them to make a tea decoction. Perhaps that is why its other name is Oswego Tea.

As if this weren't beauty enough, I saw the humming bird. At first he sat quite still on the clothes line; so rare to see one of these darting creatures still; his wings folded on his back. Then came his curious little sound, tick-tick-tick-tick. Another bird had arrived and the hummer sounded quite cross. His wings are a tridescant flash of bronzed green and a touch of blue. He is the smallest bird we have but a brilliant little atom of life. From the bee balm he went to the Queen-of-the-Prairie which is deep pink and in some ways resembles the steeple bush but much taller.

It was a serene dawn. The sun was bathing Patch Mountain in rich orange light and I saw it as it stood a second on the horizon's rim. It was so silent all around that I was startled when there came the rattle of the kingfisher. He has neither grace or beauty but quick, spectacular efficiency.

At breakfast it was hard to do anything but stare out at the brilliant blue of the pond and the sky. I was aware of the season's progress and the songs of the birds. There was contentment in the hills, sun rays spreading and spreading while birds were winging from feeder to tree.

My Regale lilies are in full glory now, so are the pond lilies. From the hidden tangled roots have come these lovely things.

I have done no hiking this week except to walk to the farm a few times. But there has been plenty to do. My garden had been neglected. So I went out and extricated my flowers from the torture of thick weeds, grass and other not wanted things.

The roadsides are sweet with the mints, clovers, dogbane, jewel weed, milkweed and Queen Ann's lace. What fingers wove the thread to make that lace, then upon it placed a jewel, the bumble bee, and it wears its lace with an airy Norway.

We were in South Paris on Sunday to visit a while with Carroll Nottage.

Dorothy Curtis was at Ledgeview this week to see Edla Tamland and Rex Felton.

Fay and Ann Holt were in Portland on Wednesday.

I went with Ruth Hastings to Farmington to attend Campus Days for Retired Teachers on Monday and Tuesday.

At the Hayes Homestead it has been a busy week. On Saturday, Ardell Hayes, Auburn; Glenn and Kevin Hayes, Gray; Duane Hayes and children were there. They finished the haying. Other callers have been Russell and Eva Yates, "Peggy" Blake, Sunday River; Kay Blosser, Florida; George Turner, Tubb's District; Zilpha DiArenzo and daughter, Jane, town.

Rolly and Doris Hayes attended the memorial services in Bethel on Tuesday for Clayton Blake.

Frank and Dorothy Curtis have had as callers: Betty Curtis and children, town; Lee Ann Curtis, Chesterville; Mr. and Mrs. Ralph Leeper, Kingstown, R. I.; Mr. and Mrs. Carl Colton, San Antonio, Tex.

Lucy Bragg and son, Tommy, West Sumner, called on her mother, Eva Felton, on the week end. They went to Ledgeview with Kathy Curtis to see Rex Felton and they attended the drive-in in Norway.

Mrs. Cathryn Lovejoy, Cor.

Mr. and Mrs. Andrew Stowell and Jocelyn of Jackman were week end guests of his parents, Mr. and Mrs. George Stowell II.

Mrs. Juanita Haines, Louise, Jodi and Mrs. Clara Rolfe were in Lewiston on Friday. Louise received good news. She need only wear her body brace at night.

Wednesday Mrs. Maxine Lovejoy and Mrs. Dorothy Grover of Bethel, were at Ledgeview Memorial Home visiting friends.

Thursday, Mrs. Mabel Walker and Mrs. Cathryn Lovejoy were at Ledgeview visiting Mrs. Stella Moore and Miss Lillian Lovejoy.

Mr. and Mrs. Dewey Thayer of Port Clyde, their three grandchild-

style so no wonder it looks like a queen. Now at week's end with Clyde's return to the farm for an evening of baling hay (the baler refused to start this afternoon) I'm alone here on the lawn. The light is beautiful and the birds fly past, one at a time—robin, nut-hatch, finch and phoebe, going to her second family over the shed door.

It's a beautiful evening. From the woods comes the clear contralto notes of the wood thrush. The simple song has a deep liquid sweetness.

I am tremendously happy bathed in the gentleness of it all.

On Friday evening a birthday party in honor of Dwayne Murphy's 14th birthday was held at the Calico Corner Cafe. Those present were Mr. and Mrs. R. Glenn Murphy, Bethel, Master Bobby Mitchell, Miss Sheryl Mitchell, Mr. and Mrs. William Mitchell, Mrs. Jean Murphy and Mrs. Maxine Lovejoy.

Miss Betty Smith of Fryeburg was a supper guest of her grandmother, Mrs. Libbie Kneeland, on Saturday night.

On July 17 Mr. and Mrs. Alan Smith of Cummings called on Mrs. Evelyn Griffith at Stephens Memorial Hospital, Norway; Mr. and Mrs. Herbert Hill of Norway; Frank Waterhouse and Ernest Smith of West Paris.

Miss Ellen Lovejoy was organist and soloist at the wedding of her best friend, Miss Cindy Parker and Robert Belanger on Saturday.

Eight from here went to the Senior Citizens County picnic at Fryeburg Fair grounds Saturday. There was a large gathering of the elderly. The music was from Mechanic Falls. Mrs. Nora Smith helped out by singing several songs. Everyone had a nice day.

Mrs. Eleanor Nelson has been having a week of vacation from her work in Bridgton.

The little black dog that came to Mr. and Mrs. Bob Grant half starved, has presented them with a litter of puppies. Any one who turns nice dogs like that one out to find a home by itself should not be allowed to have any kind of animal. Shame on them!

Mr. and Mrs. Leonard Doughty visited her sister, Mrs. Inez Farrington at West Paris, Friday.

Several from here attended Andrew Bickford's funeral at Auburn Wednesday.

Walston Andrews and wife are making plans to buy a trailer and move from Virginia Lake Farm to Butters Hill.

A large crowd attended the rummage sale and supper here Thursday night.

Mr. and Mrs. Winthrop Comley Jr. are moving to their new home, the former Harlan Redding farm at Trap Corner.

Jeff and Jimbo Coffin spent the week end with the Lawrence's.

I saw raspberries in the store, \$1.25 per pint. Is that inflation?

Joe Barrett went out doors this week for the first time since last September. He enjoyed it very much.

The weather man was good to the people of Bethel and the neighboring towns when they observed "Mollycoddett Days" July 21 and 22. I hope no one suffered any ill effects from the heat.

The bright red berries on the honeysuckle bush by the kitchen window are ready for picking and the branches are loaded and nearly bent double. Three birds come every day for a feed and at the rate they are working the berries will last all winter. Where are all the birds? We used to have lots of them. Now only three.

Mr. and Mrs. Vernal Harta are having their house painted outside.

Mrs. Susan Lyons spent the past week at Bailey's Island.

"Root" Lawrence injured his back and has hard work to get around, even with a cane. He went to Dr. Weeks several times.

Young John Estes has come from the Maine Medical Center of Portland to Ledgewood Nursing Home. He is able to get around in his wheelchair and call on the patients that he knows.

HEATH FAMILY REUNION HELD

A gathering of the descendants of the late Will L. Heath of Bethel and his wife Grace D. Stone of Waterford was held at the home of their daughter and son-in-law, Mr. and Mrs. Harold H. Howe of East Waterford, Sunday, July 8, 1979. The latest Heath Reunion, carrying on in the tradition of those first held in the 1920s, saw 97 people assembled for what turned out to be one of the warmest days of the month.

Those attending the last reunion in the mid 1960s were pleased to welcome several new faces to the 1979 event, while those that had passed on or were unable to attend due to illness, were sadly missed.

Family members came from: Sebago Lake, Auburn, Westbrook, Poland, Oxford, South Paris, Norway, South Waterford, East Waterford, Rumford and Bethel, Maine; Eaton Center, Allenstown, Concord, Barrington, Passaconaway, Hudson, and Conway, N. H., and Saratoga, N. Y.

The Heaths descend from Joseph and Betsey (Bennett) Heath who moved from Bridgewater, N. H., to Gilead, Maine, in 1799-1800. Each their son, Tilton Bennett Heath and grandson, Jonathan Robert Heath (father of Will L. Heath) farmed extensive acreage in the Grover Hill section of Bethel. Joseph Heath, a Revolutionary soldier, and his wife, Betsey Bennett Heath, are buried in the Peabody Cemetery in Gilead.

A large picnic lunch was held at noon with much conversation, picture taking and games for the younger members taking place till late in the afternoon. Among the items on display was a large framed photo of the family in 1898 at the William E. Stone homestead, Waterford, site of the first Heath Reunion. It is hoped the Reunion will again take place in the not-too-distant future.

WALKING WITH JESUS CHRIST

Mollycoddett Day in Bethel has come and gone—just as all our holidays do—seasons go by and years accumulate—we're here for a while and then, too, are gone. Our lives are but once—joy at birth and sadness at death. We remember those that pass on for their good deeds—a kindness shown and a helping hand when needed.

Did God create us just to live routine—some to be poor—others to gather wealth and earthly things—some to live to a ripe old age? Are there two sides to life and it's end, if there is an end—is it all a mystery—can the Bible reveal any truths—things we have never known? Did God create a Heavenly place for those that love Him? Are we ashamed of reading the Bible with others—ashamed of talking about Jesus Christ, the Son of God?

Jesus said in Luke 25:21 "For whosoever shall be ashamed of me and My Word, of him shall the Son of man (Jesus) be ashamed" when that person comes face to face with Christ at death.

Yes, there are ever so many of us that refuse to discuss or even read the Bible saying "it's chicken stuff, it's for kids." "Not for me"—"the woods and mountains are my place, that's where God is!" Yes, God is there: Romans 1:20 and 21—"The Bible plainly tells it—God created it all—and who see it are without excuse—because they did not acknowledge Him as God—but became vain in their imaginations and their foolish hearts were darkened."

Life is short—even at age 100—it can be sweet and full of anticipation—it has no end! A notice in "New Tribes Mission" magazine read like this: Mr. M. Kamore died suddenly and went to be with Satan—hard language, but that's the way it is without God. You can know God right now and that's by faith in Jesus Christ. By faith—seven times in ten verses—Hebrews 10: "how faith is the substance of things hoped for, the evidence of things not seen."

God waits for you now, to receive Him in Faith, believing He is Lord. He will meet us now, and in Person at life's end as we enter that "Holy City which has foundations, whose builder and maker is God." Vs. 10.

Health Views

Chiropractic Care is Vital to Good Health

Did you know...

...That the nervous system controls and coordinates the function of all other organs and structures of the body? (Gray's Anatomy, 29th ed. pg. 4)

...That all the other tissue could be dissolved away and an image of the body composed entirely of nerves would still exist? (Morris' Human Anatomy)

...That from birth and throughout your life, your body makes every chemical that it will ever need?

...That your body replaces 3 billion cells every minute?

...That the large intestine rides the body of 100 billion germs in a 24 hour period?

...That if your body is working properly with its built-in defense mechanisms you would live in total health throughout your life?

The Fact is...

...That a major cause of sickness is a body that is not functioning properly.

...That the brain and spinal cord are the first organs to form in the embryo and regulate every cell, tissue, and organ in the body from that point on.

...That in order for the body to work properly it must be coordinated by the brain without any interference.

...That to accomplish this the brain sends organized electrical impulses through the nerve system to the rest of the body.

...That in between each pair of vertebra nerve trunks exist and supply all the tissues with coordinated "energy."

...That any interference with the transmission of this "energy" will decrease normal body function, resulting in less than 100% health.

...That this interference is caused by impingement on spinal nerves due to minor displacements of the vertebra (Vertebral subluxation).

...That as long as an area of the body is not receiving its proper

JACKSON-SILVER POST & UNIT MAKE PLANS FOR DEDICATION OF NEW HALL

The Jackson-Silver Post & Unit #68, American Legion and Auxiliary held a special meeting July 20, to discuss plans for the upcoming dedication of the new hall in Locke Mills.

It was voted to send notices to the entire membership of the next special meeting, Aug. 2, at 7 p.m. at the Legion Hall. It is hoped there will be a good attendance, so all can have a say and take part in the planning of this special event.

President Joyce Hathaway announced her committee appointments for the 1979 - 80 year as follows: Girls State, Beverly Melville; rehabilitation, Sylvia Dunham; Americanism, Cathryn Lovejoy; legislative, Sally Melville; National Security, Joyce Hathaway; children and youth, Grace Gunn; communications, Fannie Gunn; music, Carman Bartlett; poppy, Vera Cross; beans, Grace Smith; and civil defense, Jacklyn Roberts.

The building committee could use some more help—there is still much to be done before the big event, late in October.

A sermon by Bert Griffeth, Pastor, W. Bethel Union Church.

To suffer is a negative thought today. By conforming to the world, however, we all suffer. We suffer with broken fellowship with God. We suffer broken fellowship at home. We argue and we fight. Impatience overflows. We want to conform. We want instant this and we want instant that. We want instant sickness from alcohol, and we have it. We want instant sickness from smoking, and we have it. We have all the instant so-called pleasures. But are we happy? No, we are not happy. In every human being there is a God-shaped vacuum, and it is crying out to be filled with the Holy Spirit. As soon as we turn back to the Lord, learn to walk with Jesus Christ, and ask Him to fill that vacuum, we will have happiness.

By suffering with Christ, we become heirs with Christ—joint heirs. We literally become Sons of God—members of the family. We have become legally tested children in the Family of God. Romans 8:14-17 tells us, "Death with Christ is life with Christ."

When we say yes to Christ, we say no to self, and we turn from walking with self to walking with Christ. We can have peace of mind. We can have the likeness of mind with Christ. Philippians 4:7, in one of the most tremendous verses in Scripture, tells us, "And the peace of God which passes all understanding shall keep your hearts and minds through Christ Jesus." Do you have peace or turmoil? You may have been walking in the way of the world for years, but have you ever really experienced real peace in the heart? Can you rejoice in suffering in Jesus Christ today? That is the beginning of happiness. To know that God has the over-hand on our heart and our home. To know that God has his hand on our life.

What would you do to change your life if you knew that Jesus Christ was coming at 3 o'clock this afternoon. If you hadn't made a profession of faith, you would make one right now. The victory personally is found in Jesus Christ. In the 4th chapter of Philippians, Paul is exhorting us to stand hard and firm because the world will keep knocking at our door. The world wants us to conform, but Jesus Christ is saying, "Be ye conformed to me."

This is the insight into the joy

of being a Christian. You have the deep knowledge right in your heart that God will have His way. Let your requests be made known to God. Be anxious for nothing, but in everything, everything—the joyful things, the sad things—in everything, ask and implore God in prayer and supplication with thanksgiving. By the grace and love of Jesus Christ, you can be made a new creation. Why wait? Why stand still? Why not run to the cross and receive Christ as your Saviour and begin a new life? Do it today.

this year will allow disabled single and divorced individuals between the ages of 55 and 62 as well as widows and widowers to be eligible for the program. A representative will be in the Bethel town office on Aug. 7, 14, 21 and 28 from 9 a. m. to 12 noon to assist residents in making applications.

Town Office staff are currently in the process of developing a street numbering system for the town. This is being done to assist emergency police, fire and rescue personnel to locate the scenes of emergencies in the quickest time possible. As new people move into town and service personnel change, old property names can often cause confusion in locating the scene of an emergency.

LAST WINTER EASIER ON DEER ACCORDING TO REPORTS

Figures compiled during the winter of 1978-79 indicate that Maine may expect lower direct winter losses of deer and possibly greater survival of the spring fawn crop than in several years past.

Wildlife Biologist Gerald Lavigne, who compiled the statewide figures from observations made by the Department's biologists through the winter, says that this past winter rates 63.3 (Winter Severity Index), 100 representing a normal winter. Figures indicate that April 1979 was the earliest April for deer (rating a 47 WSI) since 1973 with only one exception (April 1976).

As expected, deer management unit 3 (the mountainous region of western central Maine) suffered relatively severely due to above average snow accumulations and relatively cold temperatures. Still, Lavigne said, Unit 3 rates a 95 WSI, slightly less severe than normal.

FROM THE BETHEL WATER DISTRICT

"The Water District has received a number of calls this week asking for an explanation of high water bills. The water meters should be read four times a year. We send out post cards three times a year asking our customers to read their meters and once a year we send out personnel to read and inspect the meters, which we have been doing for the last month. If the customer does not read his meter and return the post card, we automatically charge minimum to that customer, even though they may have used more than the minimum. When we read the meter, the overage is picked up, and the result is an accumulation of overage charges on one bill.

"In the process of reading meters we find some violations which we ask to be corrected. We find malfunctioning meters, and are now installing remote reading meters in those homes where the meters are hard to read. Eventually the entire system will have remote readers. Except for a very few exemptions, all services are now metered. This is very important so all customers share the cost allowing a fair distribution of revenue.

"A Bethel Water District customer on minimum charge pays approximately .002 cents per gallon of water. This product is refined for human consumption, used to wash cars, dishes and the list goes on. The average customer pays less than the cost of a six pack of soda a week for all the uses water offers. Compared to gasoline at \$1.00 per gallon, for the same price the customer gets approximately 500 gallons of water at the tap.

"In years to come, water may become very expensive. Just like gasoline, it is a natural resource with a limited supply. Water conservation may eventually become a way of life. You can conserve at home very easily. Here are some hints. Your meter reads in cubic feet. One cubic foot of water equals 7.5 gallons of water. Check it once a month and try different ways to conserve.

"1. Does your plumbing have any leaks? 25 drops per minute wastes 3 gallons per day, or 90 gallons per month! A 1/8 inch trickle wastes 3,550 gallons per day or 100,000 gallons per month.

"2. The average toilet uses 4.5 gallons (1) per flushing. Reduce gallons by placing a plastic container (quart milk bottles are great) filled with water in the tank. Try one or more and it will reduce the amount of water used per flush. Keep them away from the mechanical parts and weight it down with sand or small rocks.

"3. Devices are sold to reduced water used while taking a shower. Figure it out, it may be worth the cost.

"4. Do you run your water until it gets cold for a glass of water? Keep a container in the refrigerator for cold drinking water.

"5. When do you water your lawn? If you do it during the heat of the day, a lot is lost due to evaporation. Try early in the morning or evening when it is cooler.

"The Bethel Water District is a non-profit organization, a Public Utility to serve you. If you have any questions, give us a call at 824-2669 or 824-2342. We are here to serve you."

LOWER SUNDAY RIVER SCHOOLHOUSE BEING OPENED FOR VISITORS

The historic Lower Sunday River Schoolhouse located just beyond the Skiway road turn on the Sunday River Road in Newry is being opened for visitors Saturday and Sunday afternoons this summer.

Built in 1895, the one room school house served as an educational facility for Sunday River youth until it was closed in 1943.

Visitors to the schoolhouse are impressed by the completeness of the school equipment. Upon entering the building one is transported back in time by the sight of the old desks, the box stove, the pump organ, the textbooks and other educational aides as well as the copy of Gilbert Stuart's portrait of George Washington hanging over the teacher's desk. The school also houses the book collection from the Grafton Town Library which was moved to Newry when Grafton ceased to be a town.

The project of restoration was begun for the Bicentennial by a committee chaired by Mrs. Florence Baker. In 1978 the Lower Sunday River School was named to the National Society of Historic Places and now the project is being continued by a committee appointed by the Newry Town Meeting.

Volunteers from the Newry Mother's Club and the community are on hand each week end afternoon from 1 to 4 p. m. to serve as hostesses. Many of the women are especially well qualified for the job, having been students at the school themselves.

MAGIC AT BETHEL INN

Tuesday evening, July 24, marked the beginning of a series of magic shows being presented at the Bethel Inn and Country Club every Tuesday evening at 8:30 through Aug. 28.

Raynard will be performing at the Bethel Inn on Tuesday, July 31. Prior to his performance, dinner will be served and a special children's menu will be available. It promises to be a most entertaining evening for the whole family.

ANDOVER PREPARES FOR 175th ANNIVERSARY CELEBRATION

continued from Page One

numbered on the back for several door prizes that will be drawn on the 4th. Both the Booklet and Button are on sale at the Andover Town Office, Davis General Store, Andover Variety Store, and Mills' Market, in Andover, and Hutchins' Store in East Andover.

The Flower Show categories have been announced by the Friday Club and will be beautiful as always. The theme this year is "Flowers of Yesterday, Today and Tomorrow," including entries pertaining to Indians, pioneers and for "Tomorrow", a far-out entry of the entrants own imagination. Entry forms for these can be found around the town of Andover.

The parade is being organized by Doris French, who is asking that entry forms be returned to her well in advance of Aug. 4, so she will know what to plan on for her line-up. There are five major categories for the parade and entry forms may be obtained from her. There will be a large trophy for the first prize for the best theme entry. This is beautiful and will be included in one of the windows of the former Andover Post Office, in the near future.

The Little Folks Parade will be held at 11:30, Aug. 4, on the Common and the chairman, Evelyn Bodemer, is also asking that entry forms be returned to her early.

The co-chairmen of the Children's Games are happy to announce that for two hours they will entertain children with games and fun for all those who care to join them on the Ball Field, but would like all parents to be aware that any injuries that may be sustained by any of the children are the sole responsibility of the parents of the children.

The Puppet Show beginning at 1 p. m. in Town Hall promises to be an interesting event and it is hoped many, both young and old will drop by to watch it.

An Information Booth will provide a map of the area where the events are taking place, a program of events with time of these noted, the Booklet and Button will also be on sale at this booth.

Watch for the August issue of the "Bittersweet" magazine which will be on the newsstands the last week of July. This will feature an article and pictures pertaining to this celebration.

Much planning and hard work has gone into this celebration and hopefully many will find the time to join in the fun.

An auction will be sponsored by the First Congregational Church and a Chicken Barbecue by the Fire Department, both to be held on the Common, so remember, all roads lead to Andover for the Aug. 3 Old Fashioned Dance, Aug. 4 activities and Old Home Day at the First Congregational Church on Sunday, Aug. 5, where one may wear old fashioned dress if desired, to the church service.

Upton

Mrs. Arline Bernier, Corres.
Special prayers and our thoughts are with Larry Wade, following the death of his father, Walter. Walt enjoyed coming to Upton and friends here enjoyed his visits. He especially liked to come when the youngsters had a presentation. His last time here was for the "Alice in Wonderland" performance when he "visited round" during the day without realizing he was saying goodbye. Goodbye, Walt, for now. We trust you have no more your various afflictions but are enjoying the full real life.

Margaret Mitchell held a bead class Monday at Errol. She scheduled one for Monday, July 30, at Upton Ladies Aid building.

Jordens have been doing carpenter work at their trailer home.

Wilfred and Laurens Lavalley are building a log home on the John Douglass lot.

Yvonne Viens, Roland and Arline Bernier, went to Columbia, N. H., to attend church service in Faith Chapel Sunday.
I'm sorry to report that we have some pretty miserable characters in Upton at times. One recently picked up Nancy Blais' bicycle parked by Fred's store. Maybe a reader has an outgrown bike gathering dust in the shed and would wish to counteract the unknown thief's greed with an act of generosity.

I was asked why folks raise their arms at church. A surprising question after so many years of reversion to the early church which has now crossed denominational lines. This practice, along with others such as hand-clapping, toe-tapping exuberance is to express joy and praise to Jesus. When the Holy Spirit moves among a people and each is overloaded with excitement and happiness it is difficult to sit quite still with a solemn set face and folded hands.
Quote from a conversation, "He talked so fast that by the time he said one word, I'd forgotten what the next one was." "This is better than the housewife who bragged she got up real early and had breakfast ready, dishes done and the beds made before anyone else got up."

A call to Marion York revealed that Nancy is about 11 years old, and also that her bike was thrust into the store while no one was in there last Sunday. Also a dog which had been stolen from a camp resident was returned in excellent condition to the owner Sunday. Nice to report the positive.

NOTES FROM THE CHAMBER OF COMMERCE

The gas situation for the week is as gloomy as ever. The chamber has sent the following letter to the Director of the Maine Office of Energy Resources:

July 23, 1979
John Joseph, Director
Office of Energy Resources
55 Capitol St.
Augusta, Maine 04330
Dear Mr. Joseph:

This letter is to inform you of our conclusion that the Bethel area is not getting an equitable amount of gasoline when compared to other areas in Maine and northern New England.

The information that we receive from passing motorists and from the media indicates that sufficient gas is available for domestic and vacation use in Vermont, northern New Hampshire and Maine's coastal areas. This area, on the other hand, which covers key arteries into the state from the west (U. S. Rt. 2 to Bangor and Bar Harbor; Rt. 26 to Portland and Old Orchard) is hard put to meet its gas needs even on a severely curtailed basis, let alone week ends. Your office receives our weekly gas reports.

Although U. S. Rt. 2 is the second largest entry point into Maine, unlike Kittery there is no large operator like the Turnpike Authority only 13 small retailers to service not only the large volume of vacation traffic but an extensive forestry and farming community as well—a situation not found in many of the state's "tourist" areas.

Individually, local retailers have exhausted their avenues to obtain more gas. I believe that if the government is going to be in the allocation business at all, then we are due: (1) a more accurate statement of gas availability; and, (2) if our area as a whole is receiving less than its fair share, then we would appreciate the benefit of your influence with the oil distributors to reduce our critical shortages.

Sincerely,
Donald G. Bennett, Pres.
Greater Bethel Chamber of Commerce

Vacation Promotion Tour

in the Boston Area

This week will see the start of the Chamber's promotion of this area as a vacation destination. Tour and travel agencies as well as large businesses in the Boston area will be contacted by personal visits. The goal is to increase the number of families and individual potential vacationers who plan to spend their vacations in this area and who will demonstrate this intent by making reservations for accommodations rather than just stumbling into the Bethel area because of passing through to another destination.

David Dudley

of Fort Kent, Maine

There once was a man who I once knew, that had very excellent grades in school. I hadn't seen him for a long-long while; but the friendship was still there throughout the miles. By accident he was called from earth to heaven. May he rest by earth, sea, and sky above; and dreams of snow filled mountains that he once loved. God takes from us the friends we haven't known for very long, and gives them a better home, where angels sing a song. So when someone very close to you dies God tells us to be strong; to never know when life is going to be ended or to be so very long. Greatly missed by a friend P. J.

What a beautiful month of July we are having! The gardens are growing by leaps and bounds and so are the weeds. It is a constant battle—men against weeds—usually the weeds win!

Recent callers at the home of Mr. and Mrs. Hugh Stearns have been Mr. and Mrs. Steve Hoey and Ivy Philbrook, Mr. and Mrs. Robert Cole and a friend of theirs from California called on Laura Pinkham at the home of Hugh and Edith Stearns. Other callers there were Mr. and Mrs. Frank Morrill of Auburn.

Sarah Andrews spent the week end helping her son, Linwood Andrews at Crescent Beach on Taylor Pond.

Callers at the home of Albert and Elma McAllister recently were Hazen McAllister and Herb Palfater, also Polly Smullin, Wilder DeCoster and his wife, Phyllis. Phyllis Jordan, Mr. and Mrs. B. Wentworth and Jeff Hooker were callers at the Wardwell Farm last week.

Dale Scribner and Mr. and Mrs. Myron MacIntyre were week end callers at the home of Fred and Lib Scribner.

All hands here at K-D's Acres are busy with the demands of the season. The pea crop was excellent this year. Thirty-one quarts in the freezer and lots in our tummies!

Annie Nutting helped us shell peas on Thursday as did Carol Miller and of course the boys.

Friday night we called on Chris and Elton Cole in Norway. Saturday evening we had a picnic and swim at the Lawrence McAllister's on Jewett Pond.

Sunday callers were Gus and Polly McAllister and Mr. and Mrs. Russ Nutting, Ray Ann and Scott. Other callers during the week were Chris Cole, Mr. and Mrs. E. Wentworth, Phyllis and Sonny Blake, Paul McAllister and Hugh Stearns.

Don't forget the church suppers tonight at the Albany Church, also the flea market.

Enjoy all the lazy, lazy, crazy days of summer.

EDUCATION WORK COUNCIL TO LOOK AT SUMMER JOB OPPORTUNITIES FOR YOUTH

At the July 24 Executive Committee meeting of the Community Education Work Council the availability of summer jobs for local youth was discussed. The summer job for students has traditionally been an opportunity for young people to learn about the world of work from first hand experience. In recent years there has been a number of articles stating that youth attitudes toward work are changing. Many feel that young people don't want to work, or that they expect higher wages than their productivity justifies.

Most adult developed an attitude toward work that started with being expected to perform chores at home as a child and continued to form as they began part time or summer work outside the home. By the time they entered the work force as full time workers, they had a number of work experiences which taught them what an employer expected and a recognition that wage levels were dependent on experience and productivity.

If youth attitudes toward work are changing, it may be that young people do not have the gradual exposure to a working life that most adults experienced and learned from. There are several reasons why they may be true. The Child Labor Laws and Hazardous Occupation Orders have restricted the number of jobs that can be held by young people. Minimum wage laws have had an impact. Also, the number of young people in the student age bracket seeking employment has increased. Only recently have school enrollments tapered off.

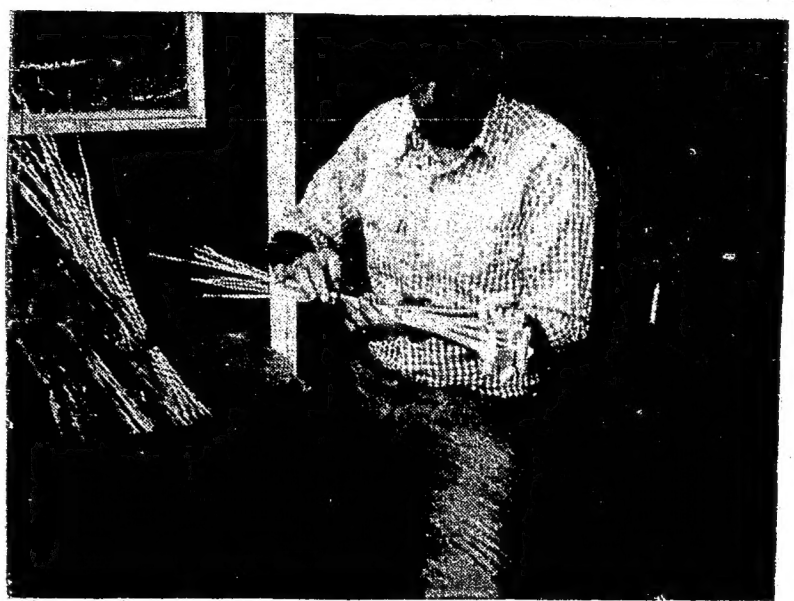

The Education Work Council plans to look at several of the issues involved and will attempt to determine whether local young people who wanted summer work were able to find it. They also hope to determine whether there were job opportunities available which were not filled. If those questions are answered and show a deficit in youth summer jobs, the Council can begin to look at things that can be done to increase opportunities for summer employment.

Aimee DeRoche, New Sharon, visited Mr. and Mrs. Don Walker, Wednesday.

FAIR WEATHER OR FOUL — WEATHERSTICK FEATURED AT ARTS/CRRAFTS FESTIVAL SAT.

Again this year, one of the chief attractions at Bethel's July 28 arts and crafts festival will be the Wight family set up which includes fir trees, whittlers and the end product — the Maine Woodsman's Weatherstick. This is the third year for the festival which opens at 10 a. m. in the Gould Academy field house just off Rt. 26 in Bethel. The festival benefits the Rumford Community Hospital and is sponsored by its Bethel auxiliary.

The "Folks from the Sunday River Inn" have been a key attraction at each festival because their product is unique, blessed with a touch of folklore and usefulness as a weather predictor. It is also an inflation fighter, falling well within the \$5 price range—something everyone is looking for these days.

The seed of this now mushrooming craft business was dropped in Steve Wight's ear nearly seven years ago by a guest of The Bethel Inn when Steve was assistant manager there. Shortly thereafter the Wights began producing weathersticks as a sideline to their involvement in the inn's management.

Then weathersticks started showing up at craft fairs—United Maine Craftsmen's Cumberland Craft Fair, Old Port Festival and Portland Rotary Craft Festival, to name a few, were early stepping stones in the promotion of what was becoming a hot gift item and genuine souvenir of the Maine woods. However, the real catalyst for weatherstick marketing turned

CHECKED BY NO. 1 — Steve Wight checks over a batch of weathersticks that are ready for shipment.

ed out to be the Wights ski touring and winter inkeeping at the Sunday River Inn.

Last December, Kathy Pulkkinen, who owns the Arundel catalog order business and craft shop called "Especially Maine" stayed at the inn for some holiday skiing. Coincidentally, Penn Brown, an advertising representative from "New Yorker" magazine, was also a skiing guest. To shorten a long story, a business deal was struck resulting in the March 1979 issue of "New Yorker" carrying an "Especially Maine" advertisement which was really all weatherstick. Soon the "New Yorker" ad was repeated in "The Christian Science Monitor," "The New York Times" and "The Country Journal." With all this exposure the weatherstick was unable to remain an obscure, Maine item. In the last few months the "Folks at The Sunday River Inn" have been busier than ever trying to fill orders which have gone from transactions of merely tens to orders for shipments by the gross.

ROBERTSON - CHILD

The First Baptist Church, Mexico, was the setting July 14 for the marriage of Toni Rae Child and Leslie Wade Robertson. The bride is the granddaughter of Mr. and Mrs. Wesley Child of Rumford. Parents of the bridegroom are Mrs. Freda Robertson, Newry and the late Wade Robertson.

Rev. Alden Taylor officiated at the double ring nuptial ceremony. Organist was Donald Haines. Mrs. Linda Theriault, soloist, was accompanied by her husband, John Theriault, on the guitar.

Accompanied to the altar by her grandfather, Wesley C. Child, the bride wore a polyester organza gown fashioned with a Queen Ann Collar, empire waist, long slim sleeves, and full skirt with chapel train. Her waltz-length, illusion veil trimmed with Venice lace was caught to a Camelot headpiece of Venice lace and seed pearls. She carried a small lace-edged colonial bouquet of pink and red mini carnations with small buds entwined in the lace streamers.

Mr. and Mrs. Leslie W. Robertson

Mrs. Richard W. Allen, West Peru, was matron of honor for her sister. Bridesmaids were Mrs. Nick DeSalle and Trina Maranda, both of Rumford and JoAnn Anastasio, Augusta. Their pink polyester knit gowns were fashioned with a shirred bodice, empire waist, and circular skirt. Each was topped with a sheer pink tulle collar and carried three pink carnations with greenery and baby's breath. The bridesmaids carried a single pink carnation accented identically. Each wore a sprig of baby's breath in her hair.

From the Bethel Town Office Planning Board Meets; Committee Recommends Town Frequency by W

The Bethel Planning Board met on Monday, July 30, at the Town Office, after making a site inspection on Bird Hill, on the land of Al Saunders and Keith Farnham. Mr. Saunders and Mr. Farnham are dividing their property into three lots, which has brought their development of the land under the provisions of the state subdivision law, and consequently under the Bethel subdivision regulations administered by the planning board. After viewing the site, and inspecting the final plat plan submitted by the owners, the board approved the subdivision and signed the plat plan.

In other business, the board was informed about the town's project
